CODE OF CONDUCT POLICY

The Center for Student Learning will be referred to as “CSL” throughout this document. CSL is a charter school within The Pennsbury School District’s borders. The CSL Code of Conduct can be viewed at the website: www.cslcharter.org.

This document outlines the general Code of Conduct for all CSL students. It is to be used as a reference for CSL students, parents, and staff. CSL Student Code of Conduct

EXPECTATIONS

In order to make CSL a place where all students can grow and learn, the Board of Trustees of CSL has approved standards of behavior and consequences for breach of these standards by students and staff. The Code of Conduct is not an exhaustive list of violations, but provides examples of the kind of conduct that is subject to action under the Code and the consequences that may be imposed as a result of misconduct.

Expectations For Students

Students are expected to:

- a. Accept that the law requires CSL personnel to act in place of parent(s) in the school classroom, at school sponsored activities/events and on school transportation (in loco parentis);
- b. Show respect, obedience, and courtesy toward school personnel;
- c. Treat other students with respect, obedience and courtesy;
- d. Respect school property and the property of others;
- e. Behave in a way that does not prevent other students from learning;
- f. Be responsible for their own behavior whether by themselves or as part of a group;
- g. Refrain from the use of abusive or obscene language;
- h. Refrain from making threats to school personnel or other students;

Expectations For Staff

In order to model positive behavior for students, staff are expected to:

- a. Identify needs of individual students while maintaining overall school standards;
- b. Provide examples of self-discipline and CSL standards of behavior for students to follow;
- c. Maintain order and courtesy by establishing fair and consistent standards for behavior in the classroom, in the school, and at school activities;
- d. Recognize the need for firm authority and patient redirection in order to develop an atmosphere for effective teaching and learning;
- e. Assume the personal responsibility for solving classroom discipline problems pursuant to the Code of Conduct and to discuss student behavior issues with the student, parents, counselor, principal, and appropriate professional personnel to resolve them before they escalate;
- f. Recognize the limitations of discipline and apply that action which can be carried out within the framework of policy or legal action.

Definition of Discipline in Implementing the Code of Conduct

Discipline is the positive direction of behavior toward established standards of conduct, fully understood and based upon reason, judgment, and consideration of rights of others. Ideal discipline is self-directed and self-controlled. Schools, community, and parents share in the responsibility for helping students to develop self-discipline. When self-control falters and self-discipline fails, disciplinary forces from outside the individual must be imposed to protect the rights of others and to insure uninterrupted instruction by teachers and students.

CSL Student Code of Conduct

In the school, as in the community at large, certain rules and procedures are established to guide students through constructive growth and into mature adulthood. Parents, teachers, and others responsible for the welfare and education for these students cooperate to interpret and enforce these rules.

I. Attendance

A. Daily

1. All students are required by law to attend school. Consistent with school laws of Pennsylvania, all absences are unexcused except for the following reasons:
 - a. Illness of the student (with medical documentation)
 - b. Death in the immediate family
 - c. Religious holidays as permitted by law
 - d. Approved educational trips
 - e. Court or Administrative Proceedings - if student is at the proceedings of a court or an administrative tribunal as a party to the action or under subpoena as a witness.
 - f. Other urgent reasons as defined by administration.
2. If students know that they will be missing school for some reason, a note from their parents explaining why they will be out of school must be presented to the Main Office.
3. When students return to school after an absence, they must present an excuse note to the office within five school days or the absence will be considered unexcused.
4. In case of an absence of three consecutive days, or chronic or irregular absences, administration requires a physician's statement showing such absence to be justifiable.

B. Absences - According to the Public School Code, Charter School Law and guidance from the Pennsylvania Department of Education, CSL is obligated to inform the student's district of residence whenever the student has three (3) days of unexcused absence. The district where the student resides is responsible under Public School Code to bring action against parents or students who have violated the compulsory attendance laws.

1. Students who miss seven days (unexcused) during a marking period (9 weeks) will fail a class.
2. At the end of a marking period, students who fail a class due to attendance will have an opportunity to make up one or two days missed. For every school day missed, a student must make up three hours of instructional time (at a before or after school detention) or through documented community service.
3. Absence notes must be turned in within five days of the student's return.
4. Unexcused absences will invoke the following disciplinary consequences:
 - A call is made home to the parent/guardian;
 - Accumulation of **3** unexcused absences: 1st Truancy Warning Letter sent to parent/guardian and home district.

CSL Student Code of Conduct

- Accumulation of **6** unexcused absences: Truancy Letter sent to parent/guardian and home district.
- Accumulation of **7** unexcused absences in one quarter: Failure for quarter, no credits awarded.
- Accumulation of **10** consecutive unexcused absences: Student will be withdrawn from CSL.

C. Truancy

1. Truancy is an unlawful or unexcused absence from school.
2. Students caught off school property without permission of school administration, during the school day, will be considered truant. A truancy officer will be called and the student will receive an unexcused absence.
3. School officials have the option to waive any action if there are documented chronic health conditions or other serious problems. Parents/Guardian must petition the Board of Trustees by submitting a written request and providing evidence to support the request. When a child demonstrates truant behavior, CSL will schedule a school/family conference to discuss the cause of the child's truancy and develop a mutually agreed upon Truancy Elimination Plan to resolve truant behavior. The plan can include a myriad of options for elimination of truancy as mutually agreed upon by the participants.
4. Students who are habitually and without justification truant from school while subject to compulsory school attendance are subject to an assessment to determine if there is a need for general protective services. Students shall not be referred to the county children and youth agency for assessment as possibly needing services until after the school has made a formal effort to involve the family and child in resolving the cause of the truant behavior.

D. Lateness

1. Any lateness to school or class is unacceptable.
2. Every minute late must be made up through approved community service.
3. Late time continues to accumulate throughout the school year.
4. Late time to school totaling 15 minutes or greater will be counted as cutting class.

E. Cutting Class

1. Students who miss 15 minutes or more of any class including lunch are considered "cutting class."
2. Each class missed will count as an unexcused class absence on that day.

F. Homebound Instruction

Students experiencing extended chronic illness may request homebound instruction.

Purpose: Home/hospital instruction is designed for students who, due to physical, mental or other "urgent reasons", as certified by a licensed physician, and are homebound or hospitalized for a period of one (1) week or more. Home/hospital instruction cannot replicate classroom instruction and should be of the shortest duration possible and cannot exceed three (3) months

D. Internet Access Policy

All internet access is a privilege and granted on a per-user basis. All internet access will be monitored and enforced by a third party approved site list that is based on an annual subscription. By default all sites will be denied unless approved by the CEO or Principal.

It is the responsibility of users with internet access privileges to ensure their account is not used by anyone else to gain access to internet sites. Any user who is granted internet access privileges must remain constantly aware that any and all connections between his or her location and the internet is monitored and logged. Any abuse of the account will be the user's responsibility.

The following internet site category list is strictly prohibited. Any attempt to bypass the internet filter or repeated attempts to access unapproved sites will be viewed as a violation of policy. The list below is by no means exhaustive, but attempts to provide a framework for sites which fall into the category of unacceptable.

- 1. Adult/Sexually Explicit/Pornography**
- 2. Criminal Skills**
- 3. Drugs, Alcohol & Tobacco**
